## Artikel Zusatzinformationen

### Product Placement

Office Professional 2010 combines everything you need to create, edit and share documents from virtually anywhere. You get top-of-the-line tools to run your business and projects efficiently.

Manage your business more efficiently with flexible tools..

- Organise finances with Excel 2010 and get data analysis tools to make informed decisions at a glance.
- Share and edit presentations and spreadsheets with business partners, customers, or friends using Web-based versions of Excel, and PowerPoint 2010.
- Manage projects and resources from a single place by organising your information in OneNote 2010.

Upgrade your customer communications.

- Create professional-looking communications faster with easy-to-use templates in Word and PowerPoint 2010, then add polish with updated text effects, photos or videos.
- Minimise inbox clutter with new conversation management tools in Outlook 2010.
- Manage contact information from anywhere with Outlook 2010 on any PC or your mobile phone.

Organise and simplify your household routine.

- Help your child to create high-quality class presentations using a variety of tools for adding video, photos and text effects in PowerPoint 2010.
- Prepare and manage a budget easily with ready-to-use templates and analysis tools in Excel 2010.
- Connect with others, manage your calendar and stay on top of your to-dos with Outlook 2010.
